Beschrijving

his super-bright IP44 rated Heavy Duty Tape Light has 60 LEDs/m encased in a white epoxy resin coating to protect the tape. With a depth of just 6 mm and only 10 mm wide it will fit into many unusual places. The LEDs produce a wide 120 degree light which gives a reflected glow similar to that of neon. The tape can be cut or joined using the available accessories. The tape is highly flexible and is the ideal fixture for defining building outlines and ideal for many uses in homes, shops, bars and nightclubs.

Colour Green

Dimensions (mm) 6x10

Power Consumption (W/m) 2.4

Voltage (V) 220-240
