

## 3D PRINTER ADVENTURER 5M 3D PRO

€ 599,00

Excl. BTW: € 495,04

### Afbeeldingen

### Beschrijving

features You'll Love

- Up to 600mm/s running speed
- Dual-sided PEI coating plate
- Quick-detachable direct extruder
- Dual air filter structure
- Out of box
- Humanized UI design
- Auto-leveling

#### Print

Extruder Quantity 1

Nozzle Diameter 0.4mm (installed), 0.6 / 0.8/ 0.25 mm (optional)

Max Extruder Temperature 280°C (536 °F)

Max Platform Temperature 110 °C (230 °F)

Max Extruder Speed 600mm/s

Acceleration Speed 20000mm/s<sup>2</sup>

Filament Compatibility PLA / ABS/ ASA/ PETG / TPU / PLA-CF / PETG-CF

Print Volume 220\*220\*220mm (8.67\*8.67\*8.67IN)

Layer Thickness 0.1-0.4 mm

Print Precision ±0.2 mm

#### Mechanical & Dimension

Printer Dimension 380×400×453 mm

Screen 4.3" Touch Screen

Power Supply AC 100~240V, 50/60Hz, 350W

#### Electrical

Connectivity USB Disk / WIFI / Ethernet / Cloud

Software Flashprint, Cura, Orca Slicer (need setting)

Input 3MF / STL / OBJ / FPP / BMP / PNG / JPG / JPEG File;

Output GX/G File

#### Others

Camera 1

Replaceable Print Bed Yes

Working Environment 15-30 °C

Auto Leveling Yes

Continue Last Printing When Power Off Yes

Time-lapse video Yes

Filament running out reminding Yes

Air Filter Net Internal & external circulation

## Productinformatie

Artikelnummer	ADV5M-3DPR
Merk	FLASHFORGE
Is on Sale	Nee
