

3D PRINTER ADVENTURER 5M 3D

€ 429,01

Excl. BTW: € 354,55

Afbeeldingen

Beschrijving

- Up to 600mm/s running speed
- Dual-sided PEI coating plate

- Upgraded direct extruder
- Out of box
- Auto-leveling

Print

Extruder Quantity 1

Nozzle Diameter 0.4mm (installed), 0.6 / 0.8 / 0.25 mm (optional)

Max Extruder Temperature 280°C (536 °F)

Max Platform Temperature 110 °C (230 °F)

Max Extruder Speed 600mm/s

Acceleration Speed 20000mm/s²

Filament Compatibility PLA / PETG / TPU / PLA-CF / PETG-CF

Print Volume 220*220*220mm (8.67*8.67*8.67IN)

Layer Thickness 0.1-0.4 mm

Print Precision ±0.2 mm

Mechanical & Dimension

Printer Dimension 363*402*488 mm

Screen 4.3" Touch Screen

Power Supply AC 100-120V/200-240V, 50/60Hz, 350W

Electrical

Connectivity USB Disk / WIFI / Ethernet / Cloud

Software Flashprint, Cura, Orca Slicer (need setting)

Input 3MF / STL / OBJ / FPP / BMP / PNG / JPG / JPEG File;

Output GX/G File

Others

Camera None

Replaceable Print Bed Yes

Working Environment 15-30 °C

Auto Leveling Yes

Continue Last Printing When Power Off Yes

Auto OFF None Filament running out reminding Yes

Air Filter Net None

Productinformatie

Artikelnummer	ADV5M-3D
Merk	FLASHFORGE
Is on Sale	Nee
