

**LED DRIVER INPUT 9.5-32V / OUTPUT 12.5-37VDC 1750MA 64.7W DIMBAAR
PWM**

€ 21,95

Excl. BTW: € 18,14

Beschrijving

Features

- DC/DC step-up converter
- Constant current output
- Wide range input
- Dimming by 0...10V DC, PWM
- Suitable for LED and lighting applications
- Protection against Short circuit and over voltage
- Cooling by free convection
- EMC standards: EN 55015
- Safety standards: IEC 61347-1, IEC 61347-2-13
- 3 years manufacturer warranty
- LDH-: Version with solder pins
- LDH-_W: Version with strands

Technical Specifications

Output Current Tolerance: +-5%

Operating Temperature: -40...+60°C

Cable Length	
LDH-65-W:	10cm
Dimensions:	75x53x,22,7mm
Weight:	
LDH-65-W:	159g

Artikel	U_E	U_A	I_A	h
	[V]	[V]	[A]	[%]
LDH65-70W	9,5...32	12,5...80	0,7	95
LDH65-105W	9,5...32	12,5...63	1,05	95,5
LDH65-140W	9,5...32	12,5...46	1,4	95
LDH65-175W	9,5...32	12,5...37	1,75	96

U_E = Input Voltage, U_A = Output Voltage, I_A = Output Current , h = Efficiency

Note

The LDH are step-up converters. The output voltage must always be at least 3 volts higher than the input voltage.

Productinformatie

Artikelnummer	LDH65-175W
Merk	MEANWELL
Is on Sale	Nee
