Beschrijving

The New Delta 27 M 95 is a wide bandwidth CB antenna conceived for vehicular use. Thanks to its new double pitch helical coiling, it has been improved to get a wider bandwidth and an excellent SWR. The New Delta 27 M 95 is also supplied with a new tuning system placed on the top of the radiator for an easy tuning and flexible installation.

On the FME female connector you can easily connect an optional and matching PL 259 connector, for example product code 30002.
