Sanyo Advanced Ni-MH 1000 4 x AAA Rechargeable Battery with soldering tags

The Sanyo 1000 mAh rechargeable batteries from the world's largest maker of NiMH rechargeable batteries. Sanyo NiMH AA rechargeable batteries are some of the highest quality on the market today.

The Sanyo Rechargeable Battery uses a new structural negative electrode material "Superlattice Alloy" which enables Ni-MH batteries to have higher capacity and higher performance. Rechargeable batteries like the Sanyo Ni-MH rechargeable batteries have excellent output characteristics such as stable voltage with continuous high-rate current. Furthermore, compared to dry cell batteries, Sanyo Rechargeable Batteries are environmentally and economically friendly products that are recyclable and able to be charged /discharged repeatedly.
