

MAAS SPA-8230 VOEDING 13,8VDC

€ 164,95

Excl. BTW: € 136,32

Beschrijving

Features

- High RFI stability
- Over Voltage Protection at 16.5V
- Current fold back overload protection with LED indicator
- Short Circuit Protection
- Over Temperature Cut-off Protection
- High efficiency > 78%
- Power Factor Correction > 0.95
- Variable speed thermostatic controlled fan for quiet operation
- Light weight and small size
- Housing are available in (Pantone warm grey 1C or Pantone dark grey 433C)

Specifications

- Fixed Output Voltage 13.8 VDC
- Rated Output Current 25A
- Ripple and Noise (P-P) 50mV
- Load Regulation 200mV
- Line Regulation 50mV
- Input Voltage 230VAC / 50Hz
- Efficiency > 78%
- Dynamic Power Factor Correction > 0.95
- Cooling Method Variable speed thermally controlled fan
- Protection Devices Overload, Short Circuit, Over Temperature, OVP
- Indicator Bi-colour LED (Green and Red)

Approvals CE EN60950, EN55022
Dimensions (WxHxD) 220 x 110 x 220 (mm)
Weight 2.7 KG

Productinformatie

Artikelnummer	SPA8230
Merk	MAAS
