**Beschrijving**

Vermogen: 40-160w  
Bediening: drukknop  
Afmeting: L89xB22xH22mm  
Kleur: wit

Dimmer for incandescent or halogen lamps class II  
IP20 protection degree;  
Pollution degree 2.  
Impulse withstand voltage (2,5kV).  
Resistance index for superficial currents (PTI175).  
Test level of the incandescent wire (level 1 switch).  
Continuous dimming  
STOP at maximum, STOP at minimum  
Soft-Start (antidazzle)  
Soft-Stop  
Pass through installation on the power cable.  
Light for easy finding in the dark.  
Built in fuse (T800mAH 250V~)  
Luminous intensity memory even without power

No acoustic buzzing and vibration  
Snello C: model already wired  
Power 40÷160W  
Voltage 220÷240V 50Hz  
Connection terminals destined for connection to prepared flexible wires
