Beschrijving

These stylish high performance active speakers from E-Audio are a versatile solution for a variety of indoor purposes both domestic and commercial. With Bluetooth connectivity they can sync with smartphones, tablets or even desktop computers. The system uses a master/slave speaker configuration, in the master speaker there is a two channel power amplifier with speaker outlets to power the Slave speaker. Use this system as high-end desktop speakers for a computer, or as a convenient Bluetooth music system for mobile devices. Supplied with wall mounting brackets and 5m of connecting speaker wire. Priced and Sold as a Pair. 12V Power Supply comes with the device. To pair the speakers with your device, simply turn on the bluetooth function on your device, find the device name and press sync. There is no password required to sync this device. Only one device can be connected at a time.

- Compatible with Bluetooth
- Ideal for use in commercial or domestic locations
- Comes with wall mounting brackets
- Easy to install and use
- Comes with 5m of speaker wire
