Beschrijving

Features

- Protection against vandalism
- For use in harsh environments
- High quality design
- Reliable tactile feedback of input
- Point illuminated, ring illuminated or unilluminated

Technical Specifications

Shell Material:	Stainless Steel
Operating Material:	Stainless Steel
Material Contacts:	Silver-plated
Switching Voltage, Max.:	250V AC
Switching Current, Max.:	3A
Switching Capacity, Max.:	1250W
Contact Resistance:	<30 mOhm

Bounce Time, Typ.:	<5ms
Operating Force:	3,7N
Operating Path:	0,8mm
Operating Life/Cycles	200x10 ³
Forward Voltage	
Point Illumination Red, Green:	2V DC
Point Illumination Blue:	3,2V DC
Ring Illumination:	24V DC
Temperature Range:	-25...+85°C
Protection Against Mechanical Strain	
DIN EN 50102, MSM16:	IK06
DIN EN 50102, MSM19, 22, 30:	IK07
Protection Class:	IP67

Productinformatie

Artikelnummer	MSM19SP-RD
Merk	SCHURTER
