

**NETSNOER ENGELAND UK STEKKER (TYPE G)-C15 3X1.0MM2 1.8M ZWART  
ASTA ZEKERING 10AMP**

**€ 12,34**

Excl. BTW: € 10,20

**Afbeeldingen**

**Beschrijving**

- Connectors: Type G to C15
- Colour: black
- Length: 1.80m
- X section: 3 x 1mm<sup>2</sup>
- Material: HO5V2V2-F
- Approval: ASTA
- RoHS compliant
- Packaging: Bulk

**Countries:**

Cyprus, Great Britain (UK), Hong Kong, Ireland, Malaysia, Singapore

**Plug type G**

The BS 1363 has 3 rectangular pins forming an isosceles triangle. The earth pin is longer and opens the child protection pin shutters for the L & N pins. The plug usually has a built in fuse of up to 13A to protect the appliance cable from overload.

**Connector type C15**

Some electric kettles and similar hot household appliances like home stills use a supply cord with a C15 connector, and a matching C16 inlet on the appliance; their temperature rating is 120 °C rather than the 70 °C of the similar C13/C14 combination. The official designation in Europe for the C15/C16 coupler is a 'hot condition' coupler. These are similar in form to the C13/C14 coupler, except with a ridge opposite the earth in the C16 inlet (preventing a C13 fitting), and a corresponding valley in the C15 connector (which doesn't prevent it fitting a C14 inlet). For example, an electric kettle cord can be used to power a computer, but an unmodified computer cord cannot be used to power a kettle.
