Beschrijving

With the constant demand of better computing performance, the energy consumption rises to meet users expectations which eventually results into heat increase. To prevent the over-heating problem for your computer, TITAN introduces the newly innovative KUKRI fan, TFD-12025 KUKRI series. Its name originates from a symbolic weapon for Gurkha regiments and the Nepali Army which represents the courage of the bearer in the battlefield. The nine curved blades are designed to produce stronger air pressure, speeding up the heat dissipation, and maintain a lower noise level.

- Nine massive kukri-shaped blades generate outstanding high airflow reaching
- 12cm ultra-silent fan remains the lower noise level.
- The TITAN Z-bearing provides long life-time operation
- Easy installation with absorption nails which could reduce noise and vibration
- PWM speed controller for full flexibility
- Outline Dimension: 120 x 120 x 25 mm
- Rated Voltage: 12V DC
- Rated Current: 0.32 A
- Power Consumption: 3.84W
- Rated Speed 800-2200±10% RPM
- Airflow: 24.23-66.62 CFM, ca. 41-112m³/h

- Noise Level: < 15-35 dBA
- Bearing Type: Z-AXIS
- Life Time: 60,000 Hours

Productinformatie

Artikelnummer	F1212025S5
Merk	TITAN
Is on Sale	Nee
