

## MICROFOON ELECTRET CONDENSER MICROFOON

**€ 34,94**

Excl. BTW: € 28,88

### Afbeeldingen

### Beschrijving

Superior condenser microphone featuring a unique 2 layer ballscreen pop filter for elimination of breath noises, pressure gradient black electret condenser and transformerless FET circuitry for ultra-transparency and enhanced transient response. As well as these excellent features, the microphone also has a lockable noise-free audio on/off switch, a supercardoid polar pattern for maximum feedback rejection and a rugged die cast body with hardened steel mesh. Expert internal shockmounting eliminates handling noise, and the mic operates on a single AA battery - so there is no phantom power required. Also includes mic clip, desk stand and XLR to 3.5mm Stereo Jack Cable.

- Ideal for performance purposes
- Operates with a single AA Battery, no phantom power required
- 3 pin XLR connector
- Lockable Noise Free Audio on/off switch
- Includes Mic Clip, Desk Stand and XLR to 3.5mm Jack Cable

- Depth (mm): 50
- Height (mm): 180
- Width (mm): 50
- Product Dimensions (mm): 180x50x50
- Net weight (kg): 0.4
- Batteries: AA
- Colour: Black
- Connector: XLR
- Frequency Response (Hz): 50-18000
- Packing: Box
- Type: Uni Directional
- Weight (kg): 0.32
