

VOEDING 13,8V DC 35A MAX.

€ 242,50

Excl. BTW: € 200,41

Beschrijving

Technische specificaties:

- Operating voltage: 230 V AC / 50 Hz
- Output voltage: 13.8 volts DC fixed voltage
- Output current constant: 35 Ampère
- Ripple & noise: <math><50\text{mV}_{\text{ss}}, 5\text{mV}_{\text{rms}}</math>
- Load regulation: <math><100\text{mV}</math> for load changes from 0-100%
- Control input voltage: <math><20\text{mV}</math> change in the input voltage to + / -10%
- Indicator: LED lamp on the front (red / green)
- DC jacks:
 - 2 x 4mm banana socket with screw / clamp design on the back
 - 1 x Cigarette lighter socket on the front
- Cooling: Fan
- Protections:
 - Overcurrent (overload)
 - Short circuit Constant current (short circuit protections by Constant Current Circuit)
 - Over voltage from 16.5V (Output Over Voltage Protection)
 - Overheating (over temperature)
- Zero voltage switching capability technology
- Dark gray metal housing
- Rubber feet
- PFC Power Factor Control
- Cable with plug and IEC connector included

- Dimensions (WxHxD): 175x72x195 mm
- Weight: 1.8 kg
