- Use of ET soldering tips
- Stand-by and automatic set-back protect tools and the environment
- Password protection saves all settings

#### Technical Specifications

Dimensions (LxBxH):

150x120x98mm

Mains Voltage:	250V /50/60Hz
Output Power:	85W
Channels:	1
Temperature Range:	Depending on Soldering Tip 100...450°C
Temperature accuracy:	±9°C
Temperaturstabilität:	±6°C
Temperature stability:	-
Weight, approx.:	1,4kg

## Productinformatie

Artikelnummer	WE1010
Merk	WELLER
