Beschrijving

The BG series feature a two way, bass reflex speaker system equipped with a polypropylene woofer, a polyamide dome tweeter and a custom designed crossover network. Specially designed for background music. The weather resistant enclosure with aluminium grille makes this speaker pair ideal for indoor or outdoor use, like terraces, outdoor events, swimming pools, garden areas and marine or boat use.

- 2-Way Bass reflex speakers with crossover network
- Weatherproof IP56
- Suitable for In- and Outdoor use
- Aluminum Grill and Mounting bracket
- Supplied per pair
