Beschrijving

The DAP HP Series consists of 5 models, representing output powers from stereo 200W until 1400W RMS at 4 ohms. All including the best protection circuits, built in a strong solid housing with forced air-cooling to achieve many years of reliable power. They are the best mobile choice for musicians, DJs, and entertainers but also perfect for installations in discos, pubs or any kind of public areas.

The HP-3000 represents the true heavy-duty machine in this series. This 3-step H-Class power amp is designed for use in larger venues and clubs. It delivers enough power to seriously shake the foundations and make your audiences dance and party until dawn.

- Full protection circuits
- Efficient forced air cooling
- Stereo & Bridge mode
