

## TRANSFORMATOR 0.50VA 1X7.5V 1X67MA

€ 3,78

Excl. BTW: € 3,12

### Afbeeldingen

### Beschrijving

#### Features

- Winding of double coated copper wire for better insulation, vacuum casted, two chambers
- Connections for PCB use

#### Technical Specifications

Temperature Resistance Class <sup>1)</sup> :	Ta 70/B
End Temperature in Case of Short Circuit, Max <sup>2)</sup> :	175°C
End Temperature in Standard Use:	120°C
Permissible Overtemperature <sup>3)</sup> :	50K

Primary Voltage (50/60Hz):	230V AC
Performance, Max. (Ta 70/B) <sup>2)</sup> :	0,5VA
Test Voltage:	4kV/50Hz
No-Load Voltage (According to VDE 0570):	<2 x U <sub>N sec</sub>

<sup>1)</sup> The Maximum Permissible Continuous Ambient Temperature Applies in the Event of Short-Circuit<sup>2)</sup> Taking into Account the Indicated Temperature Resistance Class,<sup>3)</sup> At 70°C Ambient Temperature

## Productinformatie

Artikelnummer	1070005M
Merk	HAHN
Is on Sale	Nee
