

ACCU 12V 4.0A 134X67X24MM 110OGR AANSLUITING 4,8MM

€ 36,95

Excl. BTW: € 30,54

## Afbeeldingen

## Beschrijving

### Features

- Electrolyte bound in the glass fiber fleece
- Lead-calcium grids for a longer service life
- Valve controlled construction, almost 100% oxygen recombination
- Very good charging efficiency
- Fast recovery after deep discharge

### Technical Specifications

Nominal Voltage:	12V
Housing Material:	ABS
Low self-discharge, at 20 ° C:	3% per month
Storage (in fully charged condition):	-20...+60°C

## Productinformatie

---

Artikelnummer	WP3.2-12Y
Merk	YUASA
