Beschrijving

Model: UL2851 32AWG 4core
protection, high purity, tin-plated oxygen-free copper wire and twisted wire (transmission is better and more stable)

Inflammability: UL: VW-1, FT1, Electrical Appliance Safety Law: -F-
Insulation: PVC
rated temperature: 80 degrees
rated voltage: 300 V
External diameter: 2.0mm
Specification: inner core conductor 7/0.11TS. Shield wire: 45/0.10TS
Standard: UL international standard, can provide UL RoHS certification
