

## ZUIVERE SINUS OMVORMER 12VDC-230VAC 1200W MET UPS FUNKTIE

€ 424,99

Excl. BTW: € 351,23

### Afbeeldingen

### Beschrijving

#### Features

- Enclosed design
- True sine wave output (THD<3%)
- Built-in UPS function
- Peak power up to 2000W
- Adjustable output voltage
- Remote function
- AC-Bypass
- Shutdown when battery is too low
- Alarm function in case of low battery voltage
- Protections: short circuit, overvoltage and overtemperature
- Safety standards: IEC 62368-1; EN 62368-1
- EMC standards: EN55032 Class A
- 3 years manufacturer's warranty

#### Technical Specifications

Output voltage, selectable:

200/220/230/240V AC

Output voltage tolerance:	±3%
Output frequency:	50/60Hz
Output frequency tolerance:	±0,1%
Output power:	1200W
Waveform:	True Sine Wave, THD <3%
Connection type:	EU Typ F
Operating temperature range	-25...+70°C
Insulation voltage I/P-O/P:	3000 V AC
Insulation voltage O/P-FG:	1500 V AC
Dimensions:	333x184x70mm
Weight:	3300g

Part No	Nominal input voltage	$U_E$	$I_E$	h
	[V]	[V]	[A]	[%]
NTU-1200-212EU	12	10...16,5	120	90
NTU-1200-224EU	24	20...33	60	92
NTU-1200-248EU	48	40...66	30	93

$U_E$  = Input voltage range,  $I_E$  = Input current, h = Efficiency

## Productinformatie

Artikelnummer	NTU1200-12
Merk	MEANWELL
