Beschrijving

The 1600-0203 from ANSMANN is a high-performance torch with the latest high-power digital LED technology. The powerful 10W Cree LED offers intense light without compromising on run time to provide reliable, bright light when needed. The unique focus function raises and lowers the LED position within the housing, offering versatile lighting options which will be maintained even if the torch is bumped or knocked, and can be operated with one hand if needed.

- High power 10W 970lm main light
- 2 lighting modes - 100% & 40%
- Robust aluminium housing with machined non-slip grip
- Shockproof to 1m
- IP54 Splash-Proof
- Focus by rotating head
- Up to 170m effective beam distance
- Up to 43 hours run time
