Features

- Dust proof, jet water-protected aluminum die-cast metal enclosure
- With integrated sealed cover and stainless steel countersunk screws
- Recommended for all regular clamping types and also as clamping enclosures due to the assembly of cams in the lower surface of the enclosure.
- Offset assembly cams make the attachment of plates without pre-drilling possible.
- Cams with lateral mounting rails contribute to a secure levitation rail attachment.
- Cams are additionally attached to the inner surface of the cover.
- All assembly cams are appropriate for machine screws.
- Also suitable for wall assembly

Application

To protect electronics in tough environments
For external use
Everywhere, where high temperatures occur
Industrial sectors, e.g. car wash

Technical Specifications

Enclosure Material: GD Al Si 12

Sealing: Neoprene or Polyurethane-Foamed

90°C Heat and Chemical Resistant

Protection Class: IP66
