Features

- To monitor point levels in containers for automotive applications, measuring and control and domestic applications
- Suitable for use in plain or acidic water
- Chimney, float and screw made from polypropylene (PP)
- Sealed with nitril-rubber
- Sealing material CY221
- Leads pass through a 500mm long round cable, LIYY 2x0,14mm²
- Cable end cut, 30mm stripped, core approx. 5mm stripped and tinned

Technical Specifications

- Type of Contact: SPST
- Switching Capacity, Max.: 10W
- Switching Voltage, Max.: 200V DC
- Switching Current, Max.: 0,5A
- Current at Closed Contacts: 1,25A
- Contact Resistance, Max.: 150mW
- Breakdown Voltage, Min.: 225V DC
- Operate Time incl. Bounce: 0,5ms
- Release Time: 0,1ms
- Temperature Range: -20...+90°C

Productinformatie

Artikelnummer	MLS21APP
Merk	MEDER
Is on Sale	Nee
