**Beschrijving**

Foot and Palm Swiches IP67, IP69K

Technical Information (FAK-S/KC11/I )

Auxiliary contacts: = safety function, by positive opening to IEC/EN 60947-5-1

1 x N/O = Normally open

1 x N/C = Normally closed

Function: Spring Return

Standards: IEC/EN 60947 and VDE 0660

Lifespan, mechanical Operations:  $\dot{A} 10/6 > 1$   
Operating frequency Operations/h:  $\ddot{U} 3600$   
Actuating force: 20 °C 40  
Degree of protection, IEC/EN 60529: IP67, IP69K  
Climatic proofing Damp heat, constant, to IEC 60068-2-78  
Damp heat, cyclic, to IEC 60068-2-30  
Ambient temperature Open  $\dot{A}C: - 25 \dot{A} 40$   
Mounting position: As required  
Mechanical shock resistance to IEC 60068-2-27: >15gr  
Shock duration 11 ms, half-sinusoidal

#### Contacts

Rated impulse withstand voltage: 6000VAC  
Rated insulation voltage: 500V

#### Switching capacity

Rated operational current  
15 - 230VAC: 6A  
13 - 24 VDC: 3A

## Productinformatie

---

Artikelnummer	D36030
Merk	MOELLER
Is on Sale	Nee
